## The Villages at Freedom Green Tennis Court Update

The resurfacing of the tennis court is complete and the court is ready for play.

The Association has installed a 'key style' lock on the door with improved hinges and closure.

Unit owners who would like to have a key for the tennis court will have to sign a usage form and purchase a key. The cost of the key is \$2.00. This is what the Association is being charged for each key.

This will not be an annual requirement and we are hopeful the key will be good for several years.
